Forwards copy of the resolution of the Sanitary Board in the matter of meeting one-half of the charges of General Dispensary at Champion Reefs by Govt

(1) The President's letter explains in full the history of the institution the charges borne by the Board & Govt towards its maintenance
The Board now represent that in view of the deficit-balance owing to the depleted condition of the Board's finances that one-half of the maintenance charges of the Dispensary now borne by the Board may hereafter be borne by Govt. The case of the medical officer in charge of Europe medicines are now being met by Govt.
The Senior Surgeon has to be consulted in the matter.

(2) In the case of all L.F. dispensaries the entire cost of the dispensary except the pay of the med officer in charge & the cost of Europe medicines has to be defrayed by the local body or bodies concerned. It is for consideration whether an exception can be made in the case of the Sanit Board which is akin to DF Bds in several respects.
The L.S.G. & Fin Branches will have to be consulted if the proposal is to be sanctioned

7) The subject relates to E.D. Br (Med Section) & does not call for issue of any orders. The Secy Bd have made similar requisitions in the case of other Municipalities & expects have been made by the Bd for regard to the E.D Hospital & maternity Hospital also. The Board's finances are not in a satisfactory condition & so their request to be referred to Govt for sanction to incur these charges to improve their finances, require consideration.

The said Hospital to be maintained by the Sanitary Bd. at a cost of Rs 5367 p.a. The S.S. who was consulted in the matter of meeting a part of the cost of the said Institution opined that 1/2 of the cost (viz Rs 2700/-) should be borne by Govt. if the Control of the same is vested in the Medical Dept. This was agreed to by the Third Member of Council as also by the Senior Member. Accordingly the President Sanitary Bd has been addressed (in the A-S-G Br) to say if the Bd is prepared to transfer the Control subject to the conditions referred to above. 12/ As regards the Maternity Hospital at Robertsonpet the Samy Bd. is stated to be meeting an expenditure of Rs 5272/— p.a. In view of the deficit Budget of the Samy Bd, the Senior Surgeon who was consulted in the matter, has said that the Bd. instead of meeting 1/3 of the annual Cost of the Dispensary may be asked to pay 1/4 & the Mining Bd be asked to meet a portion of the expenditure, as the Institution is of great aid to the employees in the mines. An additional Cost of Rs 1300/- is thereby involved the Senior Surgeon's recommendation is sanctioned — Whether the Mining Bd will be agreeable to bear any portion of the Cost is a matter to be seen in due Course, after the said Bd is addressed on the subject. At the same time the question of the revision of the establishment of the additional Maternity Hospital at an Cost of 6115/- p.a has come up. The average Cost at present is 1103/- for the purpose

SIR,

In forwarding herewith a copy of the resolution of the K.G.F. Sanitary Board, passed at their meeting held on 21st June 1929 in the matter of one-half of the charges of General Dispensary at Champion Reefs being met by the Government, I have the honor to state as follows:-

The General Dispensary at Champion Reefs was originally a Government institution maintained entirely out of state funds and designated as female dispensary. This dispensary which had been temporarily closed was re-opened from 1st March 1915, and was later, converted into a General Dispensary (G.O.G.20082-3/Med-H 75-18-2 dated 18th March 1919). When the dispensary was re-opened in 1915 in accordance with G.O.6465-8/Med/1-14-13 dated 19th February 1915 the Board agreed to meet the charges of the dispensary, including establishment, cost of country medicines, etc., except the pay of the Sub Assistant Surgeon and the cost of European medicines, which were to be borne by the Government. According to the scale then fixed, the establishment was costing the Board only Rs.72 per month or Rs.864 per year and other charges amounted to Rs.422-4-3 in the year 1926-27. Since then, however, the dispensary has grown in popularity, involving great expenditure

1923-24	Rs.1,613/-
1924-25	Rs.1,563/-
1925-26	Rs.1,553/-
1926-27	Rs.1,569/-
1927-28	Rs.1,640/-
1928-29	Rs.1,527/-
1929-30 (Sanctioned Budget)	Rs.1,719/-

14

on country medicines, contingencies etc. and the pay of the establishment has also been raised from time to time. The marginally noted figures indicate the growing expenditure under this head for the past six - seven years.

The Budget Estimates of the Board for the year 1929-30 have resulted in a deficit balance of Rs.13,650/- as sanctioned by Government, owing to the depleted condition of the Board's finances; and they are not in a position to continue to bear the entire maintenance charges of the said dispensary without a grant-in-aid from Government.

In these circumstances I request you to kindly obtain the sanction of Government of the Board's proposal that one-half of the charges of this dispensary, at present being borne by the Board, may hereafter from 1929-30 be borne by the Government.

I have the honor to be,

To

Ralph Nye, Esq.,
The Executive Member,
Messrs. John Taylor & Sons Committee,
Kolar Gold Fields,

SIR,

With reference to our converstation on 17th Instant and in continuation of my letter No. G. C.217-1, dated 15th Instant, I have the honour to place the following additional facts for your consideration in connection with the question of the Minining Board contributing towards the cost of Government Medical establishments on the Kolar Gold Fields.

1. There seems to be a general rule, or at any rate, an understanding that the wives and relations of all Anglo-Indian employees on the Mines should go to our Maternity for accouchment, as they are not usually attended to in their quarters. A casual glance at the records of the Civil Hospital as well as of the Maternity convinced me that a fair prooortion of cases admitted to these Institutions is made up of members of the families of miners or other employees of the Mining Board. A few requisitions (37) for admission out of many received from the Mining Hospital, are enclosed for reference. This fact should add further weight to my statement that our hospitals are used to a large extent by the Miners' families.

2. The statement appended shows how the work and consequently the expenditure in our hospitals has increased during the past four years. The large rise in the number of in-patients from 962 to 1491 in the case of the Civil Hospital and from 944 to 1250 in the case of the Maternity has considerably added to the expenditure on dieting, bedding and clothing and contingencies.

I do hope that the Mining Board will very kindly lend financial support to the Sanitary Board whose slender resources at present make it impossible for them to continue to share in the expenditure on these Hospitals.

I have etc.,

sd. S. Subba Rao,
Senior Surgeon.

Senior Surgeon.

Letter No.G.C.217-1 dated 15-1-30 from the Senior Surgeon to Mr. Ralph Nye, Executive member, messrs. John Taylor & Sons' Committee, Kolar Gold Fields.

I have the honor to state that the Maternity Hospital, (Kolar Gold Fields) was originally opened as a temporary Institution and sanction for its continuance is being renewed by Government every 3 years The sanction last accorded is about th terminate and the question of continuing the Maternity for a further period of 3 years is pending sanction of Government. In the meantime, the Sanitary Board represent that they are unable to continue to meet the quota of the maintenance charges they were hitherto paying.

A sum of nearly Rs.12,000/- in the aggregate is now being contributed by the Sanitary Board towards the cost of medical Establishment on the Kolar Gold Fields against a total budgetted expenditure of Rs.47,637/-. I enclose a statement furnishing the details for the total cost and noting the proportion contributed by the Sanitary Board. In view of their present straitened finances, the Sanitary Board have now approached Government for exempting them from the payment of the entire contribution towards the maintenance of the Maternity Hospital and half of their contribution towards the charges relating to the General Dispensary at Champion Reefs as well as of the Epidemic Diseases Hospital on the Kolar Gold Fields.

I am sure you will agree that the large grant of nearly Rs.48,000/- made by Government for medical relief on the Mining area does not admit of any further liability being undertaken by them to meet the expenditure occasioned by the withdrawal of the financial support hitherto given by the Sanitary Board. The alternative of closing down the Maternity Hospital altogether, on the expiry of the term for which sanction of Government is now current, naturally arises for consideration Unless the Mining Board would very kindly come to the rescue of the Sanitary Board in the present emergency, it will, I fear be extremely difficult to arrive at any satisfactory solution of the problem. I may add that all these Medical Institutions were establishment promarily for the benefit of the floating labour population and their families on the Fields. It is no doubt true that the Mining Board has its own Hospital, but this, I believe is intended exclusively for the actual

actual workers in the Mines. It seems quite as essential to provide for efficient medical aid to the larger circle of subsidiary labourers and their families. I would therefore request you to be so good as to move the Mining Board for the payment of a substantial contribution not only towards the maintenance but also the development of the existing institutions. The Maternity Hospital in particular is understaffed and additional establishment and equipment are urgently called for to cope with the increasing volume of work.

To

The General Secretary
to the Government of His Highness
the Maharaja of Mysore, Bangalore.

SIR,

In continuation of my letter No. G. C. 217-2, dated the 25th January 1930, I have the honour to submit herewith, for the information of Government, copy of D.O.letter No. D. C. 126, dated the 6th Instant from the President, Sanitary Board, Kolar Gold Fields, together with copy of its enclosure communicating the willingness of the Mining Board to contribute up to a sum not exceeding Rs.6,000/- per annum towards making up the Sanitary Board's contribution to the Medical Institutions on the Kolar Gold Fields. The offer seems to me to be ~~satisfactory~~ reasonable and acceptable.

I have the honour to be,

Sir,

Your most obedient servant,

S. Subba Rao.
Senior Surgeon.

D.O.Letter No. Enc. One T.C.126/29-30, dated 6th March 1930, from the Deputy Commissioner, Kolar District, to the Senior Surgeon in Mysore, Bangalore.

I send enclosed for your information copy of the Kolar Gold Filed Mining Board Secretary's letter No. 32, dated 4th March 1930, offering to contribute through the medium of the Sanitary Board up to a sum not exceeding Rs.6,000/- per annum towards making up the Sanitary Board's contribution to the Government Maternity Hospital, Robertsonpet, the Epidemic Diseases Hospital, and the General Dispensary at Champion Reefs to the extent of such portion of the Sanitary Board's agreed contribution as they may find themselves unable to pay according to the revised budget figures for each year ending 30th June beginning with the accounts of the year 1929-30. I have acknowledged the letter and thanked the Mining Board for their generous offer and intimated that this will be placed before the Sanitary Board at their Budget meeting on the 28th March 1930. I hope you consider this satisfactory.

II

Letter No. 32 dated March 4.1930 from the Secretary, Kolar Gold Field Mining Board, to the President, Sanitary Board, Kolar Gold Field Sanitary Board, Champion Reefs.

In reference to the financial support which has been given by your Board in the past to the Government Maternity Hospital, Robertsonpet, the Epidemic Diseases Hospital and the General Dispensary at Champion Reefs my Board as you are aware have been much concerned at the anticipated inability of your Board to continue the full measure of such support by reason of declining income.

It is understood that this information was communicated to Government in May 1929 whereupon Dr. S. Subba Rao, Senior Surgeon with the Government of Mysore appreached the Mining Companies to ascertain if alternative financial assistance could be obtained from them. The Mining Companies were at first disinclined to con-

consider such request but as a result of Dr. Subba Rao's correspondence and of a conference with him they have decided to make a contribution provided that Government continue their direct support to the institutions in question in the same proportion as heretofore and enhanced in the case of the Epidemic Diseases Hospital as it is understood they do in the cases of similar institutions in Bangalore and Mysore Cities and elsewhere.

In accordance with the above decision I have no the honour to inform you that the Mining Companies will be willing to contribute through the medium of your Board up to a sum not exceeding Rs.6000/- per annum towards making up your Board's contribution to the aforesaid mentioned institutions to the extent of such portion of their agreed contribution as your Board may find themselvs unable to pay according to the revised budget figures for each year ending 30th June beginning with the accounts for the year 1929-30.

I shall be glad to be informed if this undertaking is agreeable to your Board.
